fit person to be pastor of this or any other church. He is unfitted in temperament and self-control for so sacred an office. He is lacking in those Christion virtues that combine to make a useful pastor. He is lack ing in those qualities that should wark the leader and teacher in the church. He should resign and go away, and if he does not voluntarily do so, his friends in the church and in the community should ask him to resign.

The judge stated that he would not hastily decide on the motion to set aside the verdict, but would take time to give the matter thorough and careful consideration before ren-dering his decision. Tartte and White were required to give bond, with good security, in the sum of \$500 each for their appearance on the first day of the February term

WOMEN AND WOMEN.

Men get along better with men than women do with women. At least we think they do. And the reason is that Women also seem better constituted to live with men than with women, which is just as it should be. One grown weman is a fairly comfortable provision for any house-not counting servants (who have their own troubles about getting along with one an other).

Frequently women who have had 15 or 20 years' experience as the sole grown-up woman of the house, have daughters grow up on them. We would like to see statistics of the proortion of families in which that nakes trouble. It is a natural trou ble. Colored Skin Made Lighter

For centuries the scientific men have been trying to make dark skin lighter colored, not by artificial whitthink they do. And the reason is that ening, but in a natural way. At last men are more used to liberty than the CHEMICAL WONDER CO. of women are, and readier to concede it New York has discovered "COM-PLEXION WONDER, which does bring a lighter natural color every time it is applied. The effect is not artificial. The lighter coloring is natural. The effect on the colored countenance is magical.

The pomade called WONDER UN-CURL keeps hair straight and pliable. The WONDER COMB and WONDER UNCURL when used to-gether, will make any kinky hair dress well. If the hair is too short, use WONDER HAIR-GROW. This is a liquid fertilizer for the scalp. Just as fertilizers in the corn field make the corn stalks grow, so this liquid fertilizes the scalp and makes the hair grow longer.
